Two Roads Under Fire At Hearings Before Selectmen

Two streets up for acceptance hearings before the board of selectmen Monday night came in for considerable controversy.

There were ten streets which will be acted upon at town meeting, all requiring hearings before the board.

John Doyle, 40 Reservation road, complained to the board that Whispering Pines Drive which abuts his property has caused him considerable problems.

He said the crown of the road

was improper, the roadway comes up to the stone marker on his property, trees on his property were damaged and underground utility lines, including water lines were put through his property without his knowledge. He felt the placement of the water and electric lines were in a dangerous position.

Selectman Sidney P. White, who disqualified himself from acting on the matter since it was his development, speaking as a pri-

Free Cash Figures Take Plunge

There was further bad news for Andover taxpayers this past week with the announcement by Town Manager J. Maynard Austin, that the free cash account for the town is \$647,411 -- the lowest it has been for 10 years.

The account is generally tapped to assist in lowering of the tax rate following completion of action on money articles at town meeting.

The highest the account has been since 1960 was in 1968 when there was \$1,290,812. In 1960, the account was \$653,207.

How much money will be taken from the account will be determined at town meeting.

A substantial amount is generally held to provide for contingencies or emergencies.

Last year there was considerable discussion about the amount to be used, with the meeting finally approving a figure of \$550,000 to realize a saving of \$1 of a tax rate increase which ended up being \$8 bringing the annual levy to \$39 per thousand.

Three Contests Monday

Interest appears to be running high as the annual municipal election draws near.

Polls will be open in all six precincts Monday from 8 a.m. to 8 p.m. for the 11,561 registered voters.

Contests for moderator, selectmen and school committee capture the attention of the voters, with particular focus on the moderator

race where Atty. Arthur Williams is being challenged by Selectman Philip K. Allen, who is retiring from his present post with Monday's election.

Also a major issue in the election, is the issue of fluoridation of the water supply. The controversial chemical was introduced into the water system by the Board of Health several months ago, under a permissive statute, allowing local boards to take such action.

Anti-fluoridationists have since campaigned vigorously for its removal.

As for other offices, six will seek election to the two spots open on the Board of Selectmen and five will be seeking the seats open on the school committee.

Unopposed for re-election will be the five Trustees of Pynchard Free School, a candidate for re-election to the Andover Housing Authority and a candidate for re-election to the regional vocational school committee.

vate citizen and said he was astonished at the remarks made by Mr. Doyle.

White said he had gone to see Mr. Doyle and made agreements with him and offered to plant trees and shrubs on the mound abutting the street.

Selectman Roger W. Collins said he felt the board and Town Engineer John Avery should look into the matter prior to making any decision before town meeting.

River street also came under fire, as residents there complained about heavy trucking and the speed of same. There was also discussion of side lines and the claim by one person, Howard L. Colbath of River street, commented that Ballardvale was a forgotten place.

They requested a traffic count be made and examination of the size of trucks using the street.

Selectman Sidney P. White suggested that the matter be looked into and that possibly regulations as to truck tonnage on the street be limited.

The matter was taken under advisement as were other streets considered without objection. The other streets included Serenity Lane, Twin Brooks Circle, Elysian Drive, Dean Circle, Gemini Cir-

cle, Appollo Circle, Mercury Circle and Launching Road.

EXTEND STREAK. The Andover Bantam Hockey team extended their winning streak over the weekend by defeating the Kitchener, Ontario, Canada All Star Bantams. The Canadians are in white, Andover in black. In this game, Andover topped the Canadian team, 5-2.

Bantams Extend Win Streak

The Andover Bantam hockey team swept its weekend series at Phillips Academy with teams from Kitchener, Ontario, Canada to extend their victory streak to eleven games.

On Saturday, Andover squared off against the Kitchener "A" All-Stars, one of the top Bantam teams in Ontario, and came away with a 1-0 victory in an exciting contest played before a very large crowd.

In pre-game ceremonies, Selectman Robert A. Watters welcomed the Kitchener teams to Andover after which the national anthems of both countries were played.

The two teams battled through scoreless first and second periods with each having several scoring opportunities only to be turned aside by the rival goaltenders. Andover netminder Tom Mc-

Namara came up with several spectacular key saves to keep Kitchener off the scoreboard.

At 4:18 of the third period Andover Captain Ed Flannery took a pass from Scott Seero 20 feet from the Kitchener net and lofted a shot into the goal over the prone netminder to give the local six the lead.

The Andover defense then rose to the occasion and, in spite of a penalty with 1 1/2 minutes left in the game and the added pressure of an extra Kitchener skater for their removed goalie, they proved equal to the task.

The victory was Andover's 15th in 18 games and it marked the fourth loss for the Kitchener sextet in 47 games.

Especially outstanding for Andover was the play of forwards Jeff Drake and Bob Farnham along with defensemen Keith Shugg and Penn Hulburd.

On Sunday, Andover took on the Kitchener "B" All-Star Bantam unit and skated to a 5-2 win. This marked the first time more than two goals had been scored against this Kitchener team all season.

Andover took a 2-0 lead with two goals within a span of 25 seconds mid-way through the first period.

At 6:19 Scott Seero fired home his 26th goal of the season after taking a fine centering pass from Flannery and at 6:44 Jeff Drake flipped in a goal with Bob Farnham assisting.

Less than a minute later Kitchener narrowed the margin to 2-1 as a screened 40-footer found its way to the Andover net.

In the second period Andover again displayed rapid-fire scoring power as they scored twice in a seven-second span.

Flannery finished off a picture play with Seero and Scott Inman to score what proved to be the winning tally, his 14th goal of the

season, at 3:27 and Inman tipped in a drive by Keith Shugg at 3:34 to up the lead to 4-1. Seero also assisted on Inman's 9th score of the year.

At 6:26 of the third stanza Seero took the puck at his own blue line and went the length of the ice to score Andover's fifth goal of the game unassisted and upped his personal season total to 27.

Kitchener finished off the scoring at 8:21 of the period to bring the final score to 5-2.

Drake, Shugg and Hulburd along with Paul Lindholm again came up with fine performances for Andover.

The two wins by Andover increased their record against Canadian opposition this year to four victories in five games and eleven in thirteen games over the past three seasons.

In other games in the weekend series the Kitchener B's edged the Needham Bantams 2-1 on Saturday and the Kitchener A's downed the Phillips Academy Juniors 6-1 on Sunday.

Andover, now with a 16-2-1 record, will next see action on the weekend in the Mass. Bantam Tournament at a time and place yet to be determined.

Census Takers Are Sought

Henry Higgott, regional 1970 census director, has appealed to residents of this area to apply for jobs as census takers. The regional office is located at 9-11 Essex St. here.

Applicants must be 18 years or over and citizens of the United States. They will be required to pass a selection test demonstrating their ability to understand printed instructions and do simple arithmetic. Many will need a car in their work for which mileage will be paid.

Census takers will be paid on a piece rate basis designed to average \$2.00 per hour nationally. Hourly earnings will vary depending on the diligence of individuals, according to the Regional Director who pointed out that some will earn well above the average, while others who work less effectively will earn less. The average assignment for a census taker will last from three to five weeks in April and May.

The Census Bureau is an equal opportunity employer.

ler in the scoring column with 18 points. Neal Davis and Shawn Mason both pumped in 11 markers, while Dave Hixon had eight points and Lem Lanier two markers. Dennis Ackroyd hooped 20 points for NA.

In the JV preliminary, North Andover's unbeaten club handed Coach Bill Vickers' Golden Warrior yearlings their second loss, 56-39.

In the win over Chelmsford, Andover was again outshot from the floor - this time by 25-24. But the winners hit on 30 free throws, to just 14 for the Lions.

Muller was a deadly 18-of-21 from the charity stripe, and his 30 points were tops. Howe stuffed 19 points, Hixon 11, Davis 10, Mason six and Lanier two points.

Chelmsford jumped out to a 15-12 first period lead, but Andover rebounded to grab a 39-31 halftime edge. The Lions closed the margin to 52-50 after three quarters, but then Andover pulled away with a 26-14 scoring advantage in the last period.

Another key to the Golden Warriors' win was the fine rebounding of Howe and Mason. Howe swept the boards for 18 caroms, while Mason pulled down 17 rebounds.

The Andover JVs closed out a highly-successful season with the identical 15-2 record that was compiled by the varsity. They ended by trouncing Chelmsford's yearlings, 68-37.

Turning back to hockey, the 5-1 rout of Billerica was sparked by a pair of goals from Capt. Jan Gottesfeld. Junior Rob Flannery, Doug Grange and Craig Bliss added single red lighters. Dick Anderson collected two assists, Grange had one and sophomore Steve St. Jean also picked up a solo assist.

The Golden Warriors skaters roared out to a 3-0 lead after one period and were never headed thereafter.

Andover held a 30-23 shooting edge, and Allen Chapman made some fine saves for the winners. He finished with 22 turnaways.

The 1-0 setback to Coach Bruce Marshall's Chelmsford aggregation was the back-breaker. Andover needed only a tie in the game to qualify for the Eastern Mass. Tourney. However, a first period goal by the Lions' Mark Ennis at the 7:24 mark stood up throughout the entire contest.

Andover tried everything it could to put the puck in the net. It held a slim 28-25 shooting edge, but Lions' goaltender Doug Cortina was superb. He made a host of incredible saves with acrobatic

moves to rob Craig Bliss, Doug Grange, Mark Hockmeyer and Jan Gottesfeld of potential goals.

The Golden Warriors bounced back to win their regular season finale, 5-4, against Tewksbury. Gottesfeld again led the charge with a three-goal "hat trick." Single markers were added by Grange and St. Jean. Jim Stewart and Dick Anderson had two assists apiece, while Grange, Hockmeyer, Flannery and Gottesfeld garnered single helpers.

Andover almost "blew" the game. They were ahead 4-1 in the second period, after falling behind 1-0 in the early going. Tewksbury roared back on goals by Mark Chandler and Co-Capt. George Hughes to make it 4-3 late in the second period. Doug Grange eventually netted the game-winning goal at 10:36 of the second stanza. A last session score by Bill White of Tewksbury was not quite enough for the game Redmen, who lost six contests by one goal margins this year.

Andover finished the year with a 55-37 scoring edge on the opposition. Allan Chapman and Dean Marshall (Marshall appeared only twice and surrendered two goals) combined for a 2.06 goal-allowed mark. Chapman posted one shut-out.

TRUST IN DORA ADAMS beams from the eyes and quietly folded hands of an aged Mississippi woman. She seeks welfare advice at the car window of the community worker, whose office has been burned out by arsonists.

ACEO To Help

Woman Sees South Problem

An elderly Mississippi community service worker, her office gutted by an arsonist's torch and her home the target of gunfire in school desegregation tensions, telephoned Andover this month for consolation -- and perhaps some help -- from Andover citizens who have supported her work among the poor of Clay County, Miss. for four years.

The response -- an Andover woman's four-day visit to Mississippi last week, and an appeal to Andover citizens for \$3000.

Mrs. Robert Lloyd flew to West Point, Mississippi last Thursday to help the Andover Citizens for Equal Opportunity determine whether they should undertake a large financial effort to restore some minimal facilities to Dora Adams, to see what the several hundred dollars a year which ACEO has sent to Dora has accomplished.

What did Sue Lloyd find? Briefly, beyond the burned-out offices of the Clay County Community Development Program, beyond the atmosphere of black-white tensions, protection, discouragement-determination, she found one underlying pervasive fact of life: Dora Adams has extended a living web of moral, spiritual, legal and practical help throughout Clay County, to support the aged, the out-of-work, the forgotten poor. Dora's web of support informs and enforces their rights as citizens, encourages self-respect and hope, enables them to set up co-

operative free enterprises, works for a home for the aged, where none is open to the aged black.

The vitalizing energy of her concern goes on, but to continue effectively, she must have her office in the center of the black community, where people can come for help, where there's a telephone, and a desk, for the paperwork, a typewriter.

ACEO's commitment to restore facilities to Dora Adams is strengthened by a government report praising the work of the Clay County Community Development Program, which Dora Adams and its present director, John Buffington began, and which the Andover Citizens for Equal Opportunity has aided. According to Buffington, "If you people hadn't been supporting us in the lean years, we would have had to fold up."

The 1968 government report, which censures programs in neighboring communities as "stagnant" or "paternalistic, only dispensing welfare, and doing that badly," calls the Clay County Community Development Program:

"A community action agency that is doing its job . . . the CCCD runs a child Development Center, a cooperative gift shop in West Point, a Cooperative woodworking shop in West Point, two cooperative sewing centers and until recently a cooperative candlemaking factory. It runs a neighborhood

Are you buying your first house?

If you are, there are two suggestions for sources on how to go about it. First, see a Realtor. Then check at the public library for books on the subject.

Your Realtor is a trained expert on the subject of houses. If he uses a term which is unfamiliar to you, ask its meaning right away. He'll be glad to explain it to you. If you are trying to choose between two houses which seem very similar to you, ask your Realtor to point out the differences and what they may mean to you.

At the library you should find many books which will help you identify various types of houses, their construction, and maintenance. Some are even written just for the person who is looking at new houses only or at older ones.

Andover Men Visit Simmons

Fathers from Andover were among those who attended the Father-Daughter Weekend at Simmons College, Boston, over Feb. 20 to 22.

Israel Lichtman of 3 Charlotte Drive, whose daughter Carol is a sophomore; and Benjamin Wacholder of 237 North Main Street, who visited with daughter Linda, also a sophomore, of this town were among the 300 fathers attending.

The weekend was planned around the theme, "Those Were The Days." Fathers attended classes with their daughters all day Friday, and in the evening danced to "Your Father's Mustache," a popular banjo band. Gay nineties hats and garters livened up the scene.

President William E. Park brought fathers up-to-date on what's new at Simmons College at a special welcome on Saturday morning. This was followed by a luncheon and skits especially aimed at the "good old days." A dinner-dance in the Grand Ballroom of the Statler Hilton ended the day's activities.

Fathers attended church services of their choice on Sunday morning and later had dinner in Bartol Hall on the Brookline avenue campus before returning home.

School Board Accepts Scholarship

The Andover school committee has accepted the establishment of the Rafton Conservation Scholarship.

This scholarship provides the opportunity for a student at Andover High School to attend a two-week term at a conservation camp during the summer. The intention of this scholarship is to stimulate interest in conservation among the students.

The student is selected on the basis of academic standing, interest in conservation or related fields, creativity and independence of thought, and probable ability to profit by camp experience.

The provisions of the scholarship provide that no irrelevant criterion such as race, color, nationality, ancestry, economic status, religious belief or lack thereof shall enter into or influence the selection.

This scholarship has been established by Harold R. Rafton who has been extremely active in matters relating to conservation locally. Mr. Rafton has also been a leader in developing the activities for the Andover Village Improvement Society.

Christian Lecture Series To Be At Formation Center

The Spring program of the highly successful Christian Life Lecture Series, sponsored by the Christian Formation Center, will begin on Sunday, March 22 at 8 p.m. in the auditorium of the Christian Formation Center, River Road.

This series of lectures is primarily to help persons of all faiths to understand and appreciate authentic Christian teaching and genuine Christian renewal.

Speakers for the Spring Series are all dynamic and informative. They include: Rev. Francis Murphy, on March 22; noted composer and philosopher, Sebastian Temple on April 5; theologian and ecumenist Rev. George Tavard on April 19; and Mary Reed Newland author and mother on May 3.

Rev. Francis X. Murphy, the famous Xavier Rynne of Vatican 11 will kick-off the Spring Series with his topic "Public Affairs and the Church."

A Redemptorist priest, Father Murphy holds a doctorate in Medieval History from Catholic University and is a member of the Medieval Academy of America. He teaches patristic theology at the Academia Alfonsiana in Rome and is presently in the States completing his seventh book.

Father Murphy's observations on the Church as he views it from Rome and his travels have won him world acclaim. He has written extensively on the Vatican Council, which he attended as a peritus.

Not only a new voice, but a free spirit and a dynamic personality are the gifts of Sebastian Temple who will be the second lecturer on April 5. He will speak on "Teilhard de Chardin."

Through his present affiliation with St. Francis Productions, his personal appearances and recordings, Sebastian Temple has brought to contemporary religious music a vibrancy and quality that is most appealing to modern worshippers. His personal intensity and joyful approach to life are very refreshing.

Born in Pretoria, South Africa, of Jewish parents, he travelled and studied in Italy, India and in England before coming to the United States and settling in Hollywood where he now lives. At eighteen, he became a Hindu Yogi, living in a monastery in India for several years. Eight years ago, he became a member of the Catholic church. His interests in Teilhard de Chardin and in CCD work make Sebastian a popular lecturer.

On April 19, Rev. George Tavard will deliver the third lecture of the Series. His topic will be "Ecumenism: Today - tomorrow."

World renowned ecumenist, Father Tavard was born in France and received his early education there. At present, Father Tavard is Professor of Religious Studies at Pennsylvania State University.

In addition to having been an expert at the Second Vatican Council, Father Tavard is a consultant for the Pontifical Secretariat for the Unity of Christians and is a Permanent Catholic Observer-Consultant to the "Constitution for Church Union."

Mary Reed Newland will conclude the Series on May 3 with her presentation "Teenagers and Religion -- What Happens?"

A noted lecturer and authoress from Monson, Mary Reed Newland has appeared throughout the country addressing liturgical gatherings as well as Protestant and Jewish groups.

Holder of two honorary degrees of humane letters, Mrs. Newland is also the recipient of the Elizabeth Seton Medal presented by Seton Hill College.

Mrs. Newland's books for parents concentrates on family religious education. Her books reflect her experience as a mother of seven children.

All are welcome to attend the series or any individual lecture. Parents and teachers of religion will find the program especially enriching and refreshing. Tickets for the whole series may be obtained by writing to the Christian Formation Center, River Road. Tickets for individual lectures may be obtained at the door on the night of the lecture.

Students Advise The Superintendent

Patrol belts mixed with moustaches at the Lincoln's Birthday meeting of the Student Advisory Council, composed of delegates from all of Andover's public schools. Who are they advising? The Superintendent of Schools.

The elementary school delegates, who outnumbered the junior and senior high school members of the council, were roundeyed, solemn and quiet at the opening of the meeting; Curriculum Day schedules, use of school facilities for after-school programs, and school lunches came up for discussion.

After the first half hour, the eyes looked serious, but not solemn, and the elementaries were in on the questions, answers, and ideas.

The superintendents, Dr. Kenneth R. Seifert and his assistant, Vaughn Clapp, invited delegates to sound out their constituencies (most school buildings send two delegates) for new activities, during or after school, which they'd like to initiate and participate in.

A senior high school council member saw a danger of secondary students using up all the \$3,000 in the budget for new student activities; an elementary delegate argued that high school students "have lots of activities already" and the elementaries could use some.

But still the ideas didn't come thick and fast... the kids were wondering what the catch was. Seifert assured them that the only catch was that the school administrations weren't going to suggest the programs; if students come up with an interest group of activity and show that a given number of children are behind it, the administration says it most likely can set it up for them.

Some of the junior highschoolers felt that student projects or use of school facilities for meetings, sometimes got stuck in administrative bottlenecks--but they were challenged by the superintendents.

"Did you go through channels? Did you just complain among yourselves, or discuss the problem with a teacher or administrator?"

And there was some educating in how to get things done. "Submit your requests and ideas in writing, and keep a copy. Having to put something down on paper makes you organize your own thoughts more clearly. Also, when it's down in writing, there's no doubt or disagreement on what's been said and when. Go through the right channels, before you give up or complain. Try it."

Senior high schooler Steve Tetrault says the Student Advisory Council is a good idea, good communication, may get something done. And besides, he really enjoys watching the younger delegates in action.

The Council is made up of the following members, who can be contacted by students in their buildings, for suggestions to bring to the March meeting.

Central, Carl Brooks, William Regan; Jackson, Thomas Runge; Sanborn, C. Ahern, S. Lowe; Shaw-sheen, M. Johnson, D. Raye; South, B. Bunnell, G. Eaton; Stowe, S. Donnelly; West Elementary, H. Camerson, N. Webster; Bancroft, B. Lloyd, M. Liponis.

East Jr. High, M. Moody, S. Johnson; West Jr. High, E. Randall, G. Brown; Andover High S. Norton, S. Tetrault.

West Parish church observed its centennial in 1926.

ELEMENTARY LOGIC PREVAILS at a meeting of the superintendent's Student Advisory Council which discussed after-school student interest programs, Curriculum Days and school lunches.

COUNCILLORS PONDER serious questions, like "What are the after-school programs numbers of students are really interested in, and would benefit from?" The ideas will have to come from the students.

OK, WHAT DO YOU THINK? Superintendent Seifert uses the blackboard to diagram an educational dilemma, and asks fifth to twelfth graders to focus on the problem.

BACK HOME Denise Drazy of Andover in front of the sheep ranch in New Zealand, where she spent an AFS year abroad. She's home again at Andover High this month.

'Rancher' Returns Home

Andover High School's American Field Service student, Denise Drazy, is home from a school year down under in New Zealand, for a last semester at the high school before graduation.

Life in New Zealand is likely to be measured in terms of time to dip, or to shear the sheep, or lambing time. Denise was the AFS daughter of the Flett family, who own a 1650 acre ranch with a flock of 4000 sheep on New Zealand's hilly mountainous South Island.

She learned a lot about sheep, she reports, and a lot from living with helping and enjoying the Flett family, where she had a 17 year old sister, an older sister and a younger brother, in their home outside of Milton, South Otago. Milton has only 2,000 people and those pretty scattered, so that was different.

Even more different was school -- the Tokomairiro High School, which children from 10 to 18 attended, in uniform, and in strict discipline, much in the English tradition.

Caning, Denise reports, was a common discipline for boys, but did not seem to shock them, or dampen spirits too much. "It's just the custom."

Consult

DOUG
HOWE

about this question:

"When I had a fire loss, a dispute arose over the amount of the claim. It was then I realized the agent was employed by the direct-writer insuring company and represented their interests more than mine. Would an independent local agent have fought for my interests in securing full settlement?"

human reactions and relationships are no different from those at home, given the same conditions. "New Zealand is like America must have been, thirty years or so back," she reports.

"Tremendously valuable, a wonderful year to remember," is Denise's summation, and she points out that being an AFS senior in a Southern hemisphere country has an added advantage: The school year ends in January instead of June, so that the AFS student has a semester to "get back into things" for a semester at home, to prepare for college, (physical therapy at the University of Connecticut for Denise) and be able to spread the word to younger high school students --

Denise also will be glad to speak to any community groups who want to hear about it from an enthusiastic AFSer.

Four Leaders Continue Winning Streaks

The top four teams in the Junior Division continued their winning ways, and the Intermediate Division wrapped up its season, to highlight this week's action in the Andover Church Basketball League at the East Junior High Gym.

JUNIOR DIVISION
West Parish A and St. Augustine B continued to battle it out for the division leadership as each posted its eighth victory without a loss. South Church and West Parish B also remained within striking distance with excellent overall records of 7-1.

St. Augustine B (8-0) spread its scoring out evenly in all four quarters to defeat Baptist, 16-6. The loss snapped a five-game victory streak for the Baptist quintet.

Dave Hajj stuffed 8 points to spark the winners, while Mike McCormick popped in 4 points, Bob Hannon canned two points and Mark Moriarty added a bucket for St. Augustine B.

Brian White flipped in 4 points for Baptist, while Ricky Collins had the other basket.

West Parish A (8-0) won its 34th game in the last 35 starts by blanking West Parish C, 29-0. Labeeb Abboud led the winning charge with 11 points. Division scoring leader Billy Alexander (101 points) and Mark deConstant gunned in 6 points apiece, while Timmy Brownlie and Doug Spencer had 2 markers each. Dave Bronson also netted 2 points.

South Church again displayed a fine defense in whitewashing Free Church, 13-0. Bill Scholtz pumped in 5 points, Paul Maguire scooped in 4 markers, Bob Jenkins swished 2 points and Dave Norris added 2 for the winners.

West Parish B busted a 0-0 half-time deadlock with 11 second-half points to dump St. Robert's B, 11-4.

Freddie Rau drilled in 5 points for West B, while Andy Campbell, Dave Bradner and Mark Ketzler all added single buckets for the winners.

The losers scored both of their hoops in the final quarter, with Bobby Murray and Tommy Saunders the marksmen. Billy Maguire and Glen Sutherland had a number of key steals for St. Robert's B.

In one of the tightest games of the season, St. Augustine C edged St. Augustine A, 8-6, on a third quarter bucket by Dave Fleming. The 'A' club led 4-2 after one period. The 'C' team came back to grab a 6-4 halftime lead. Both quintets notched a basket in the third quarter, and then battled through a scoreless final canto.

Fleming banked in 6 points and Mike O'Brien 2 points for the winners, while Mark DiOrio, Richard Lucy and Joe Fox all hooped 2 points for the losers.

The final Junior battle saw Christ Church topple Unitarian, 12-6. Bill Gougher and Bruce Wilton continued their consistent play for the winners with 4 points

apiece. Bill Anderson added 3 points and Greg Stupack had a first quarter free throw.

Mitch Sawaya banged home 4 points and Matt Russell had 2 markers for Unitarian.

In the Division scoring chase, Bill Alexander is still well in front with 101 points. Paul Maguire has 56 points, Labeeb Abboud 55, Brian White 51, Dave Bronson 46, Bob Hannon 44 points and Mark deConstant 42 markers.

INTERMEDIATE DIVISION
The Intermediates finished their regular season with no surprises or upsets.

League champ West Parish 1, which sewed up the title two weeks ago, dumped St. Augustine 2 by a 29-13 score for its ninth straight win this year. Greg Brown paved the way again with 15 points. He was backed by Bob Peters and Steve Brody with 4 points each, and Tim Devlin, Glen Campbell and Kent Hedrick with a single bucket apiece.

The game was close for one half, with West 1 on top only 14-10 at the break. But from that point on the champs dominated play. Leading St. Augustine 2 were Steve Royal with 7 points, Mike Cahill and Eddie Caselden with 2 points each, and John Zemis and Mike Mulligan with single charity tosses.

Division scoring king Keith Verrette finished the year with 190 points when he fired 20 points through the nets in a 32-17 St. Augustine 1 victory over West Parish 2.

Jim Loscutt added 8 points, Tom Luceri flipped in 2 points and Timmy Meyers also had one basket for the winners.

Jim McEwen gunned in 8 points for West 2, Mark Hewett hooked in 5 markers and Dale Blaine dumped in 4 points for the losers. Tom Devlin also starred.

Baptist Church closed out the campaign with a 7-2 record when it struggled past Free, 19-13. Leading 18-3 at the half, Baptist had to hold on to gain the triumph as Free maintained a 10-1 second half scoring advantage.

George Stedman hooped 11 points for the winners, while Hot Rod Stedman, Tom Meuse and Kevin Campbell had 2 points, and Steve Evans and Jim Sciuto connected for one free throw.

Jack Manning and Bruce Franz laid in 5 markers each for Free. Craig Burton added 2 points and Mark Hamilton had one marker.

Christ Church ended on a high note with a 44-5 romp over St. Robert's. Gary Peck led the way with 16 points, Roddy Perron canned 14, Dave Lockwood had 10 points and Tommy Francis popped in 4 points for the winners.

Dan Cooney and Ken Loffredo dunked 2 points each for St. Robert's, while John Weitz swished a fourth quarter charity toss.

South also gained a 2-0 forfeit victory over Unitarian.

The Intermediates will next return to action in four weeks when the annual All-Star contests will

be held.

SAC Is A Busy Place

What's SAC up to this winter? The Student Activity Center, located at the high school, climbs the highest mountain (well, part way up the highest one around), arranges group ski trips, teaches judo to girls and women, is open Monday through Thursday evenings at the high school, and has open gym hours on Monday and Wednesday nights.

Anything else? Just about anything else, according to SAC advisor James Carroll, that any group of students will propose, demonstrate a backlog of interest for, and help to initiate. The ideas, he points out, should come from the students, since it's a center operated by and for the students.

Judo for Self-Protection class, for girls and women, is now being taught by Keng Jen Lee, high school physical education instructor, on Monday evenings, time: 7:30 p.m. Entrance to the class still open.

The highest mountain around is Mt. Washington, and a SAC-sponsored Outing Club expedition bounded outward and up the slopes in a snowstorm last Sunday morning. The last two miles in were on snowshoes, to spend Sunday night at Clifford Notch, where it was COLD.

Brad Lawson, industrial arts teacher and soccer coach, SAC advisor Jim Carroll, and parent and Everest-climber Dr. Willi Unsoeld and his family put on snowshoes to join the Outing Club.

Dawn Marshall, Joe Newell and Devi Unsoeld advise the TOWNSMAN that falling into brooks in February can be cold, that if your pack breaks, a pair of pants with the legs tied will substitute, and that the SAC Outing Club plans more trips.

The best moment? standing on the ridge, in the wind and the fog, where you could just see the tree line. "Really beautiful, a wonderful feeling."

That of course is the answer to the exhausted query "What am I doing here?" that SAC Advisor said he asked himself huffing and puffing up one of the steeper slopes toward that ridge. Carroll reports "a maximum of huffing and puffing and a minimum of bellyaching. A really happy experience."

Editorial Comment

Election

Monday is an important day in Andover's history.

No doubt, it sounds repetitious, every time an election comes around, there is editorial comment on the responsibility of Andover citizens to exercise their franchise.

In all years, the annual municipal election is important, but this year it seems to be more so.

There are three races and plenty of candidates expressing a willingness to be of service to the community.

This alone should be incentive enough to appeal to the Andover electorate.

In casting a vote on Monday, citizens will be choosing the officers of this community who will be shaping the future of our town.

With so many problems facing the town as it progresses and grows, selection of able men to assume responsibility is imperative.

The candidates have been working hard, attempting to get their message across to the people, in personal visits, at coffee hours and at candidates night programs.

They deserve to see a good turnout Monday, for win or lose, it will be obvious that their efforts were not in vain.

Be sure and vote Monday — Andover's future depends on it.

Free Cash

Further bad news for taxpayers comes this week that the free cash account for 1970 is the lowest it has been in 10 years.

This account has usually been sufficient to avoid substantial tax increases and provide the town with needed services.

This year, however, there will be very little reserve.

So, the till, or the well gets a little lower.

A year ago there was a fight on the town meeting floor to retain \$100,000 more than was finally appropriated. The additional funds may have helped this year, but not an awful lot.

The news was not pleasant to hear, but, more or less anticipated.

As town meeting approaches, such announcements are not relished particularly in view of budgetary requests, along with several expensive projects to be requested.

Also there is the possibility of a reduction in funds from the state and federal governments and the possibility of increased contributions by Andover for state and county government.

In view of the facts, it would appear that the 1970 annual town meeting will reflect a belt-tightening mood, and justifiably so.

The Pool

Contained in the recommendations of the recreation and conservation study and recommendations which were conducted for the planning board is a suggestion that the town should have an olympic size swimming pool for year around use.

Such items, we feel are nice, but at the present time and looking at Andover's needs for the foreseeable future, it appears to be reaching for utopia.

Many of the recommendations, such as a master plan for the Recreation Park and its development along with Pomp's Pond seem to be in line with the recreation needs of the town.

There is suggestion that when new schools are built, or present ones expanded, a pool could be included in the plans.

We think it would be commendable to have such a facility for the townspeople, but the cost, in view of other announced needs certainly would necessitate putting such a project on low priority.

We are told of the needs for additional classroom space at both the elementary and secondary level.

A water treatment plant is needed within a couple of years according to officials.

With all these capital needs coming soon in the soaring costs of a municipal pool, would seem to be something that well could be delayed, and we take into consideration the rising construction costs resulting such delay.

As mentioned previously, it would seem to be utopia, at a time when conservative attitudes are needed.

Off The Top
Of The Desk

We marvel at those utility workers, as well as municipal workers, who brave the ice and snow and other storms to serve the public, but particularly on a cold, blustery day like Monday, they deserve a little extra pat on the back.

We saw some atop poles as the wind roared around them, methodically pursuing their duties.

Every man to his trade, we are sure, but there is a group to be commended for braving the worst of elements.

Monday night was a busy night for municipal officials and activity.

There was a meeting of the selectmen, a planning board session in town hall, a candidates night forum in West Andover and an open discussion of the town meeting warrant with the Finance committee at the library.

For those busy and concerned about municipal affairs, it certainly made for a busy time.

We didn't catch the name of the town, or state, but a radio report the other night told of state plans to build a new prison in a particular locality.

Naturally it was vigorously opposed by the residents of the area. And they appeared to win a somewhat tainted victory.

The bureau of corrections announced it would not build in the area, because it was found to be unfit for a prison, due to pollution and odors from nearby factories.

In 1969, Animal Control Officer Donald Porter handled 731 cases involving dogs, as compared to 820 a year ago.

Is this an indication that the more lenient animal control law has resulted in more restraint of canines, as compared to the more strict leash law which was adopted two years ago?

Porter investigated 170 complaints last year, compared to 260 the year before.

Signs of Spring continue to show, but of course don't rule out more snow.

As will be noticed in this week's TOWNSMAN, many of the basketball and hockey teams are concluding their seasons, which signals the start of baseball practice, even indoors for some teams.

The major league teams are working out in full swing in Florida and Arizona, another good sign.

March is but a few days away and the sun keeps rising higher all the time.

We still await cautiously, however, the first crocus.

What Our Readers Say

To the Editor of the TOWNSMAN
These are some thoughts that ran through my mind as I read yesterday's issue of your paper.

An olympic size swimming pool in Andover? You've got to be kidding! Not with the preponderance of private pools and "so little used" Pomp's Pond. "The biggest" and "the best" is a concept which has dominated our thinking for too long. We have a beautiful, wonderful town here -- but if it is so great why are so many of the young people trying to escape reality through the use of drugs? Because they do not have an olympic size pool? I think we have our values confused! When everyone in this country has the opportunity to take a bath when they so desire then I say Andover -- you deserve a big beautiful pool. But until then let's not flaunt our wealth!!

As an added thought. To quote from an editorial in "The Townsman" on February 19, 1970 entitled "Sidewalks," "If the town spends thousands of dollars for sidewalks, then they should be used. Parents continually ask for funds to provide sidewalks in school areas and the town responds. If the town provides them then let us have them used."

Maybe we give our children too much of the wrong kind of things. I'd hate to read this same editorial five years from now with the title Swimming Pool.

To the Editor of the TOWNSMAN
As town election day draws near, Voters, I am sure will see it quite clear

Where to cast their precious vote For candidates who have done something worthy of note In the past year at least in the best interest of our town

And not at election time take a turn. To strut and say I will do this and that

Such commitments sure leave us flat

Voters want to know how well they know town government Will they execute the office in our interest or on their own

These are difficult times with problems running high Every office entails more than meets the eye

For the most qualified to win is everyone's try So with that I will sign off and say - Bye-Bye.

To Withdraw Parking Lot Proposal

The selectmen, at the request of the Andover Chamber of Commerce, will withdraw the article asking for funds for development of a downtown parking lot.

Chairman Robert A. Watters said Wednesday, that following a joint conference with chamber officials, the article asking for \$350,000 would be withdrawn.

Both boards agreed to work on an alternate proposal to be presented at the next town meeting.

The article called for the acquisition of property diagonally across from the town hall on Main street and owned by Danton Realty Trust. The money would include acquisition and development.

The selectmen inserted the article in the warrant for the chamber, although some members of the board had mixed feelings about doing so.

As sponsors of the article, the selectmen must make the motion for its withdrawal.

Lending Law Unfamiliar To Consumers

In the first of its polls on consumer attitudes, the Better Business Bureau of Eastern Mass., found that the majority of people never heard of the Truth in Lending Law.

Members of the Bureau staff asked 250 persons who called the BBB one day if they felt the Truth in Lending Law lowered interest rates, was designed for full disclosure, or, if they knew anything about it at all. 65.1% replied they knew nothing about the law, 34.9% correctly answered it was designed for full disclosure and no one thought the law lowered interest rates.

"We were absolutely shocked that the vast majority of people calling the Bureau for help knew little or nothing about what has been called, 'the single most important consumer law passed in the last ten years,'" Leonard L. Sanders, BBB President, reported. "If this is true throughout eastern Massachusetts, a massive job of consumer education is obviously needed."

"Of what use is a law giving persons three days to cancel a credit contract after signing, if they don't know about it?" Sanders asked. "Obviously the mere passage of legislation is not enough, it must be implemented and people must be told how to use it."

Chiefs, Knicks Y Hoop Champs

By Frank Monette

The Springfield Chiefs of the Junior division and the Knicks of the Intermediate division won their division titles this week in action in the Andover Y Basketball League.

In the Pee-Wee division at the Y court a sharpshooting contest was held with each boy taking a total of 30 shots at the basket, from marked spots on the court. Boys placing 1st, 2nd and 3rd will receive an award during the awards program which will be March 7. Placing 1st was Geoffrey Bragdon with an amazing 20 out of 30 chances. Gerry Cox was 2nd with 10, and Mike Witt was 3rd with 9. There were 7 boys tied for 3rd, so a playoff was held with Mike Witt emerging as the winner.

In the Pee-Wee division at the Voke court a foul-shooting contest was held with each boy taking 50 shots and shooting at 6 different baskets. Boys placing 1st, 2nd and 3rd also will be honored on March 7. The winner was Ray Rau with 33 out of 50 chances, 2nd was David Walsh with 31 for 50, and 3rd was Tom Black with 30 for 50.

In the Junior division the Springfield Chiefs won the championship with a perfect 11-0 record which establishes them with the greatest record in the 9 year history of the league, topping the Celtics of 1967-68 and Lakers of 1968-69 season who both had 10-0 records.

The Chiefs won number 11 by bombing the Merrimack Warriors 47-29, behind the Champs Capt.

Jim McEwen 15 points (191 for season tops in Junior div.) Dick Rosetti 14 points, Jeff Berenson 12 points, Bob Moynihan 4 points, Ken Loffredo 2 points. Coach of the Champs was Jim Early. The Warriors were led by Capt. Dave Gable 19 points, Tom Duffy 8 points, Doug Theriault 2 points.

The Texas Longhorns and Boston College Eagles ended with identical 7-4 records as both teams won and will have a playoff for 2nd place next week. The Longhorns smashed the Southern Cal Trojans 41-24, as sharpshooting Glenn Verrette popped in 23 points, Dave Rosenberg and Roger Davis swished 6 points each, Mark Shionis scored 4 points, Mark Davey stuffed a basket for 2 points. The Longhorns are still minus Capt. John McDonald who broke his ankle 2 weeks ago. The So. Cal. Trojans were led by Scott Hammar and David Bronson 10 points each, Capt. Brian Ahern and Tim Fannon 2 points each.

The Boston College Eagles clobbered the Ohio State Buckeyes 43-6. Big Bob MacMackin led the Eagles with 20 points followed by Capt. Bob Murgia 7 points, Mark Travis and Brad Morrill 6 points each, John Juarez 4 points. The Buckeyes were led by Capt. Jeff Gable, Duncan Black and Barry McPharland all with 2 points apiece.

In the final Junior game the UCLA Bruins continued their winning ways with a 24-18 victory

over the Boston University Terriers. Leading the way for the Bruins was Capt. Gregg Winn 12 points, Jay Doherty 8 points, Ricky Whitcomb 4 points. The Terriers were led by Brian Twoomey 8 points, Mark Davis 4 points, Capt. Mark Hammar, Bob Peterson and Keith Kenney 2 points apiece.

In the Intermediate division the Knicks mauled the Bullets 91-36 as they clinched the Intermediate title with a 10-1 record with 1 game remaining. The Knicks got a fine overall team performance as Brad Koffman collected 27 points, Capt. Jeff Alexander 24 points, Keith Verrette 22 points, Greg Fuller 12 points, Bob Gillea 4 points and Jeff Sheely 2 points. The Champs were coached this season by Jim Early. The Bullets were led by Mark Sweetser 22 points, Capt. Mike Charewicz and Tim Lannon 6 points each, and Marty Nikonechuk 2 points.

In the final game of the afternoon the Lakers stormed by the 76'ers 69-27. The Lakers clinched 2nd place with the victory with a 7-4 record with 1 game to go. The Lakers were led by Andy Silverman 32 points, Capt. Dave Sweetser 17 points, Bart Farrell 10 points, Steve Brody 6 points and Sandy Lloyd 4 points. The losers were led by Capt. Joe Conlon 12 points, Dave Lockwood 10 points, Mike Cahill 4 points, Nunzi Sapuppo 1 point with fine play from Steve Ketzler.

Merrimack Students Learn Of Appalachia

Thirty-five members of Merrimack College's service organization to help in Appalachia, met last week with former VISTA and Peace Corps members who indicated some of the problems volunteer workers often face regarding cultural differences and various attitudes of the people to be helped.

Jeanne LaChance of Windham, N.H., a Merrimack student, showed slides of her VISTA work in West Virginia and mentioned the difficulties volunteers often must overcome before accomplishing anything with the people they intend to help. Bill Robertson, a freshman from No. Plainfield, N.J., and Kathleen Shannon Pelletier, Lawrence, a 1967 Merrimack graduate related their Peace Corps experiences, emphasizing the changes in attitude necessary before the volunteer can be effective in similar situations.

The meeting is the second in an orientation series for students interested in spending Easter in Appalachia preparing the area for the extensive summer program. The purpose of the meetings, according to Merrimack president Ellen Frangiamore, a junior from Bridgewater, is to rid volunteers of the preconceived notions of the effect their work over Easter will have on the people or the area. Students will be shown that their work is mostly

a preparation and will not usually involve the people directly.

Most of the evening was spent in a discussion, with students questioning the former volunteers as to what they should expect in Appalachia.

During the next few weeks the group will be working to raise funds to send the volunteers at Easter time.

Merrimack is affiliated with the chaplain's office at Merrimack.

Educational Forum Mar. 8

Andover, Boxford, Georgetown, Ipswich, Middleton, North Andover, North Reading and Topsfield residents will have an opportunity to discuss educational issues in a Citizen's Forum on Education to be held at the George-

town High school from 1:30 to 5:30 p.m., March 8.

This is one of several programs in grass roots democracy that will help shape the direction of education in the Commonwealth. It is sponsored by the League of Women Voters in answer to a challenge by Dr. Neil V. Sullivan, Massachusetts Commissioner of Education who said: "One goal

that can be attained -- and must be accomplished if we are to make our schools in Massachusetts worthy of imitation -- is this: We must pull together immediately all groups involved with the operation of our schools -- teachers, administrators, boards of education and laymen -- and yes, the students themselves -- covering the spectrum from early childhood to adult education -- and decide on the priorities. Then with a team effort we must aggressively call these priorities to the attention of our people day after day, until each goal is reached. I ask all of you to join me in this team effort. If you do, I will be optimistic about the future of education in our state."

Andover citizens on the planning committee are Mrs. John Atanasoff, Mrs. Lyman Pope, Jr., and Walter Aufrecht. Group discussion hosts at the conference from Andover will be Mrs. Betty Arnold, Richard Bliss, Mrs. Thomas Caulfield, Mrs. George Kwass, Mrs. Edward Lenoe, Herman Roehwarg, and Frank Witt.

Advance registration should be sent to Mrs. Frank Dow, 92 Forest St., Middleton.

A statement of the educational priorities identified in this meeting will be compiled into a summary and distributed widely to educational policymakers and to each individual who has participated in the Forum.

26 Enrolled In Course For Leaders

A total of 26 persons have regis-
tered to date for the Junior Great
Books Leader Training Course,
which begins on March 3 at Me-
morial Hall Library. The course
is being offered in Andover for
the fourth consecutive year to
train leaders for the Junior Great
Books Program in the elementary
and junior high schools.

"Response to the program has
been very gratifying," according
to Mrs. Edward Stupack, vol-
unteer coordinator, "but several
of those registered will be co-
leading discussion groups in other
communities and I am naturally
interested in expanding the An-
dover school program. Parents
of both the public school and St.
Augustine school children are
urged to take part."

John Hauch, program admin-
istrator for the Great Books Founda-
tion, will instruct the eight-
week Leader Training Course. Mr.
Hauch holds a B. A. degree in
English literature and a M. A.
in philosophy from Northwestern
University; and formerly taught
philosophy at Barat College, Lake
Forest, Ill.

There are no formal educational
requirements and no tuition fee for
the course, which will be held
weekly from 1 to 3 p.m. at the
library. Training will be given
in discussion techniques and the
art of questioning, and instruction
in critical reading and thinking.
Volunteers who will co-lead dis-
cussion groups, which meet twice
a month in the Andover schools,
will receive training materials
and source books free of charge,
according to Vaughn Clapp, assis-
tant superintendent of schools.

Registration must be made in
advance. Interested adults may
contact Mrs. Edward Stupack, 18
Nutmeg Lane.

One Of Six Idea-Filled Rooms

Personalized accessories are the things that turn a house into a home. For that "just right" item for your own home or for a gift, visit the beautiful Home Planners' and Gift Shoppe on the second floor of the Michael J. Sullivan Furniture Store, 226 Essex Street in Lawrence. Miss Lorraine, gift consultant at Sullivan's, has just returned from the Gift Show in New York and now their Home Planners' and Gift Shoppe is literally brimming over with beautiful and unusual gift items from all over the world. You will see lovely new oil paintings; imported ash tray sets; crystal from Czechoslovakia; Fenton milk glass; English bone china and many handsome pieces in Silver City (sterling on crystal).

There are all types of pictures and wall plaques; exquisite figurines; decanters and glassware from Denmark; decorator pillows; unusual music boxes; gay colorful feather arrangements; cocktail glasses, sherry sets, cordial glasses and goblets in smoked glass. Sullivan's also has magazine holders, foot stools, wall mirrors in all sizes, plus charming accent pieces in copper and the silvery sheen of Dutch pewter. They have TV trays, Hummels, some beautiful Korean and Indian brass and Ikora tarnish-resistant silver-plate in lovely pieces for every occasion. It is surprisingly easy to find the gift items that you are looking for at Sullivan's Home Planners'

and Gift Shoppe because everything is displayed on the mantles, tables and walls of six idea-filled rooms arranged like a beautiful and gracious home. This season, these rooms are furnished in the Spanish motif, a refreshing new look in home furnishing.

Sullivan Furniture Store has been serving generations of Greater Lawrence residents since 1887 with the finest names in furniture and this spring and Easter season would be an ideal time for you, too, to get acquainted. Browsing is encouraged and Sullivan's expert staff and decorating service are at your disposal at all times. Open Tuesday, Thursday and Friday until nine and all day Wednesday for your convenience.

"A certain parcel of land, with the buildings thereon, situated in that part of said Andover known as Shawsheen Village, substantially bounded and described as follows:

WINTER PROBLEMS. While the winter so far has been relatively free of snow, it has been rough on roads due to the extreme cold, keeping highway department crews busy filling in pot holes throughout the town. Here, a pot hole and frost heave are shown side by side on lower Harding street.

Coffee Mill License Vote Due

Action on the issuance of a license to the Coffee Mill has been tabled until noon today, following a meeting of the board Wednesday morning.

The board has tabled the matter for the past two weeks and did so once again Monday night, following comments by Selectman William Stewart that he had some knowledge which might prevent him from approving the grant.

Also, Town Counsel Fredric S. O'Brien had advised the board that he felt the granting of a license would have to await a hearing before the board of appeals for a change in the classification.

The Coffee Mill at present is a restaurant, operating under a non-conforming use classification, since it was in operation prior to the adoption of the town bylaws.

Counsel, in his opinion to the board, stated that issuance of a restaurant liquor license would "change the use to a substantially different use and that the establishment should secure a variance before the license is granted."

The board agreed to meet Wednesday morning on the matter, since Selectman Phillip K. Allen and Chairman Robert A. Watters were absent.

The executive session was believed to have dealt with Selectman Stewart's comments.

Following some time, the board decided to meet at noon today to take a vote on the matter.

Fred MacDonald recently assumed the operation after it had been closed for several months.

OLDE ANDOVER

The last of the horses owned by the town were sold at auction in 1939.

Warrant Subject For Discussions

The town warrant will be discussed at four meetings of the League of Women Voters of Andover next week. According to Mrs. John Dowrick, town affairs chairman, everyone interested in learning more about the issues before voting at the March 7 town meeting is invited to attend one of these units.

The schedule of units is as follows:

Monday, March 2, 12 noon, at the home of Mrs. Roy Coombs, 124 Summer St.

Tuesday, March 3, 9:15 a.m., at Cooley House, Phillips Academy, and 7:45 p.m., at the home of Mrs. Thomas Rees, 157 Main St.

Thursday, March 5, 9:15 a.m., at Memorial Hall Library, with baby sitting at Christ Church.

Members of Mrs. Dowrick's committee are Mrs. John Holmes, Mrs. Nathaniel Smith, Mrs. Benjamin Bates, Mrs. Joseph Medici, Mrs. George Street, III, and Mrs. Nelson Bridges.

Come in and see a brand new Porsche.[®] With its engine in the middle.

A sports car built just for racing doesn't need a back seat. So its engine can be mounted in front of the rear axle, near the middle of the car.

That distributes its weight more equally, so it holds the road better and corners better than ordinary cars.

We think it's time you shared those advantages, so we're selling a couple of mid-engine cars you can drive on the street.

The 4-cylinder 914 model costs \$5,999. * It has an electronically fuel-injected engine, goes

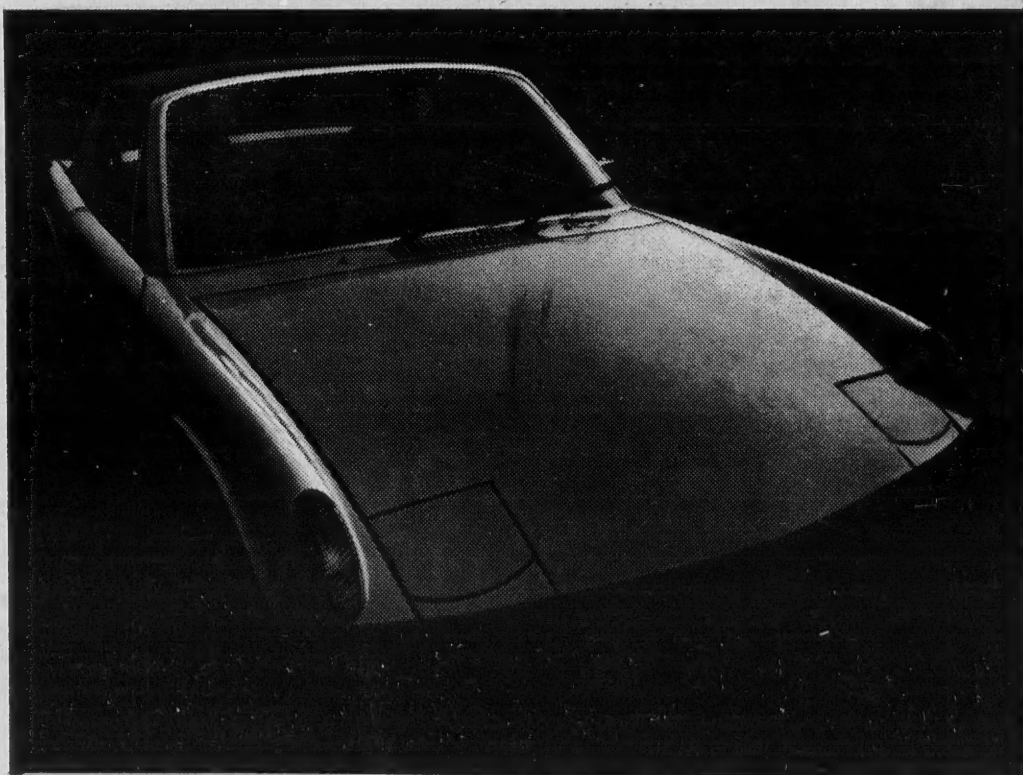

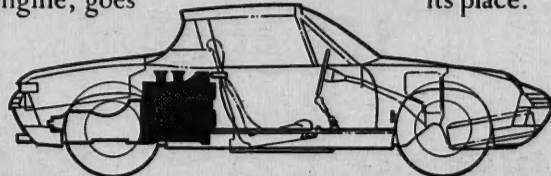

110 mph and does 0-60 in 13 seconds.

The 6-cylinder 914/6 model costs \$3,595, * goes 125 mph and does 0-60 in 9.9 seconds.

Both come with a built-in roll bar, removable fiberglass roof, 5-speed stick or optional 4-speed Sportomatic, two trunks, and the kind of craftsmanship expected from Porsche.

So if you're thinking about a true, two-seat sports car, think about this:

When you don't get a back seat, you should at least get an engine in its place.
